

Dear New Patients,

The following items are essential in assuring a smooth and timely visit to our Practice:

- Completion of Patient History Form, which is located under the Medical Forms section on our website. Please be aware that we cannot print this off in the office; we ask that you print and bring a copy with you.
- All insurance cards (not copies).
- Your co-pay (if applicable).
- Referral from PCP (it is the responsibility of each individual to obtain referrals. Our fax number is 285-7660 should you wish to have them faxed from your PCP's office).
- If other reports or films have been generated prior to your consult, please have these items available; i.e. mammogram films. This will help facilitate your appointment with our providers.

Thank you in advance for your cooperation regarding the above documentation.
